

SHORT-TERM STUDY ABROAD

Healthcare Management and Leadership for Medical Staff

- **Campus/building.** Villafranca and Almagro
- **Type of course.** In-person
- **Duration.** 2 weeks

This course trains medical staff on critical leadership and management skills that are necessary for health professionals to thrive in a multidisciplinary team. Participants will understand the different roles in a team and techniques that empower them to benefit the team. They will be able to identify and project the new challenges of a health system especially taking into account the Covid-19 crisis. They will examine the economic impact of the decisions taken at the health facility level as well as be able to understand the impact of political decisions in the healthcare system.

This course is well suited for those interested in management and leadership in healthcare (i.e. health managers, supervisors, health policy makers, medical doctors, nurses etc.). We also welcome anyone interested in the subject.

Objectives

General objective

- Acquire knowledge and skills related to roles, impact of economy, policies and management in the health area.

Specific objectives

- Work with specific techniques focused on effective person and team management.
- Increase knowledge in the scope of healthcare provisions from a political and economic point of view.
- Obtain tools to be able to make decisions that will improve the healthcare provisions in your facility.

About us

UCJC is one of the youngest and fastest-growing universities in Spain and Europe. Founded in 2000, UCJC is part of SEK Education Group, whose proven track record in teaching excellence stretches back over 125 years. As a young university, UCJC is forward-looking and uniquely placed to bridge the gap between traditional and modern times, through a liberal arts and applied sciences approach to higher education.

The university has four different schools: Communications and Humanities, Education, Health and Technology and Science, offering a range of Spanish and European official undergraduate and graduate programmes.
