Visita Ban Ki-Moon a la Universidad Camilo José Cela

14 de junio de 2017

It's a true pleasure of course to welcome Dr. Ban Ki-Moon to our community of learners, to our university, to ACK and UCJC, we feel very honoured and very pleased to be able to share this moment with you. Not just our international students from countries in conflict but many other students coming from up to 16 Latin American countries who are here to work for a week and learn. They are the leaders of the future in Latin America, they are doing a government programme, so we'll keep an eye on them. And I just wanted to, to mark our 125th anniversary, it's my true pleasure to present you with special pin to commemorate our anniversary.
